## (54) HAIR DYEING AGENT COMPOSITION

### (57)Abstract:

**PURPOSE:** A hair dyeing composition, containing a specific silicone derivative, having improved hiding power and dyeing tinting strength without increasing the pigment concentration, and capable of giving a depth to the color tone of hair after the dyeing.

**CONSTITUTION:** A hair dyeing composition containing 0.1W10wt%, preferably 0.5W3wt%, silicone derivative selected from the group of fluorine-modified silicone oil, amino-modified silicone oil and alcohol-modified silicone oil. The fluorine-modified silicone oil, alcohol-modified silicone oil and amino-modified silicone oil are preferred as the silicone derivative for affording depth particularly to the color tone of the dyed hair.

## LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
